JOURNAL OF THE FRANKLIN INSTITUTE.

Vol. CXXVIII.

INDEX.

Abney, Captain, on Heliochromy. (Ives), ... 339
Aceto-metanitrobenzoic Anhydride. (Greene), ... 64
Air, Compressibility of. (Amagat), ... 196
Allotropic Forms of Silver. (Lea), ... 73
Altitudes, Barometric Determination of. (Gieseler), ... 321
Aluminium, Electrolytic Reduction of. (Rogers), ... 486
Aluminium. (Roscoe), ... 174
Amagat, E. H. Compressibility of Oxygen, Hydrogen, Nitrogen and Air, . . . 196
Dilatation of Compressed Liquids, particularly Water, ... 193
On the Dilatation and Compressibility of Water and the Displacement of its Maximum Density by Pressure, ... 477
American Isthmian Canal Routes. (Ammen), ... 409
Ammen, Daniel (U. S. N.). American Isthmian Canal Routes, ... 409
Army of Kukuanaland, The. (Michaelis), ... 258
Aromatic Series, Derivatives obtained from Bases of the. (Smith), ... 156

Baku Petroleum Deposit, Information as to the Failure of the, ... 395
Ball-and-Socket Joint, White's Adjustable Extension Movement in. Report of the Committee on Science and the Arts, ... 89
Barometer, Aneroid: Its Various Forms, its Theory and its Use, with Special Reference to the Determination of Altitudes, ... 321
Blindness and the Blind. (Fox), ... 9
Boiling Point of Ozone, Determination of the. (Olszewski), ... 396
Book Notices:
Chronicle Fire Tables for 1889, ... 158
Curve Pictures of London for the Social Reformer. (MacDowall), . . . 159
Garden of Eden. (Woodhull), ... 495
Hints on House Building. (Grimshaw), ... 494
Manual of Construction for Engineers, Draughtsman and Mechanics. (Richards), ... 399
Steam-Engine Design. (Whitham), ... 400
Thermodynamics of the Steam-Engine and other Heat-Engines. (Peabody), ... 398
Treatise on Steam-Boilers. (Wilson), ... 494
Bridging the English Channel, ... 392
Bullock, Chas. Preparation and Properties of Metallic Manganese, ... 62

Cable Telegraphy. (Delany), ... 33
Cadmium, Electrolytic Separation of, from Zinc and Copper. (Smith and Frankel), ... 140, 154
Canaigre. (Trimble), ... 235
Canal Routes across the American Isthmus (Ammen), ... 409

Carhart, H. S. Review of Theories of Electrical Action, ... 376
Cellulose and Wood, Behavior of, under High Pressures and Temperatures, in the Presence of Water, ... 394
Cements and Cement Mortars, Permeability of. (Hyde and Smith), ... 199
Chenoweth's Electric Conduits. Report of the Committee on Science and the Arts, ... 230
Cheyney, William A. Constant Focus and Depth of Focus in Photographic Lenses, ... 356
Circuits, Divided, Graphic Construction for Determining the Electrical Resistance of, ... 157
Combes, Edward. Value of Technical Training and the Teaching of Drawing and Handwork in Public Schools, with an Account of the Author, ... 209
Compound Engine, Philosophy of; Its Theory and its Limitations. (Thurston), 463
Compressed Liquids, Dilatation of. (Amagat), ... 193
Compressibility of Oxygen, Hydrogen, Nitrogen and Air up to 3,000 Atmospheres (Amagat), ... 196
Compressibility and Dilatation of Water. (Amagat), ... 477
Conduits, Electric, Chenoweth's. Report of the Committee on Science and the Arts, ... 230
Cooper, John H. On the Longitudinal Riveted Joints of Steam Boiler Shells, . 131
Copper, Electrolytic Separation of Cadmium from. (Smith and Frankel), . . . 140
CORRESPONDENCE:
J. B. Graphic Construction for Determining the Electrical Resistance of Divided Circuits, ... 157
Cotton Fibre, The. (Pray), ... 241
Cusps of the Gear-Tooth Curve. (Grant), ... 208

Dead, Sanitary Disposition of the. (Harvey), ... 362
D'Auria, L. Harbor Bar Improvements, ... 224
Delany Line Adjuster. (Delany). 57
Delany, Patrick B. Cable Telegraphy, ... 33
Density, Maximum, of Water, Displacement of by Pressure. (Amagat), . . . 477
Dilatation and Compressibility of Water. (Amagat), ... 477
Dilatation of Compressed Liquids, Particularly Water. (Amagat), ... 193
Dow, Josiah. Difficulties in the Operation of Pumps as met by the "Positive Piston Pump," 161
Drawing and Technical Training in Public Schools, Value of. (Combes), . . . 209
Dynamo, Westinghouse, Law of the Variation of the E. M. F. of a. (Searing and Hoffmann), ... 93

Eikonogen, ... 492
Electric Conduits, Report of Committee on Science and the Arts. (Chenoweth's), 230
Electrical Action, Review of Theories of. (Carhart), ... 376
Electrical Resistance of Divided Circuits, Graphic Construction for, ... 157
Electrolytic Separation of Cadmium from Zinc. (Smith and Frankel), ... 154
Electro-Motive Force of a Westinghouse Dynamo, Law of Variation of. (Searing and Hoffman), ... 93
Elkinton, Thomas. Heating and Ventilation of Public Buildings, ... 107
English Channel, Bridging the, ... 392
Ethylene, Freezing Point of, Determination of the. (Olszewski), ... 396

Focus in Photographic Lenses. (Cheyney), ... 356
Fox, L. Webster. Blindness and the Blind, ... 9
Frankel, Lee K. and Edgar F. Smith. Electrolytic Separations, ... 140
The Electrolytic Separation of Cadmium from Zinc, ... 154
FRANKLIN INSTITUTE:
Chemical Section Proceedings, June to November, 1889, . 61, 311, 391, 483
Committee on Science and the Arts. Reports:
Chenoweth's Electric Conduits, ... 230
Koyl's Parabolic Semaphore, ... 81
MacCoy's Pneumatic Tool, ... 1
Teal's Portable Hoist, ... 302
The Substitution of Gelatine in Place of Collodion in Photography, as invented by Dr. Maddox, ... 233
White's Adjustable Extension Movement in Ball-and-Socket Joints, 89
Gifts to the Library, ... 75, 237, 313, 402
Lectures for the Season of 1889–90, ... 307
Proceedings of the Stated Meetings, June to Nov., 1889, . 79, 319, 407, 496
Freezing Point of Ethylene, Determination of the. (Olszewski), ... 396

Gases, Compressibility of. (Amagat), ... 196
Gear-Tooth Curve. The Cusps of the. (Grant), ... 208
Gelatine, Substitution of, for Collodion in Photography, Maddox's Process. Report of the Science and Arts Committee, ... 233
Gieseler, E. A. The Aneroid Barometer, ... 321
Grant, Geo. B. The Cusps of the Gear-Tooth Curve, ... 208
Greene, Wm. H. On Aceto-Metanitrobenzoic Anhydride, ... 64
(*Olszewski.*) Boiling Point of Ozone and Freezing Point of Ethylene. (*Notes and Comments*), ... 396
and S. C. Hooker. Constitution of Lapachic Acid and its Derivatives, ... 142
Grimshaw, Robert. Sketch of Sir Edward Combes, ... 209

Hail-storm at Philadelphia, October, 1889. (Houston), ... 360
Harbor Bar Improvements. (D'Auria), ... 224
Harbor Bar Improvements. (Haupt), ... 23, 294
Harvey, C. A. The Sanitary Disposition of the Dead, ... 362
Haupt, Lewis M. Bridging the English Channel. (*Notes and Comments*), . . 392
See Hyde, G. W., and W. J. Smith.
Municipal Engineering. A Study of Street Pavements, . . . 440
Heating and Ventilation of Public Buildings. (Elkinton), ... 107
Heliochromy, Captain Abney on. (Ives), ... 339
Hoffman, Samuel V., and Lewis Searing. Electro-motive Force of a Westinghouse Dynamo, ... 93
Hoist, Teal's Portable. Report of the Committee on Science and the Arts, . . 302
Hooker, Samuel C. Condition of the Philadelphia Water Supply. Third Monthly Report. (May-June), ... 66
and Wm. H. Greene. Constitution of Lapachic Acid and its Derivatives, ... 142

Houston, Edwin J. The Hail-storm at Philadelphia, October 1, 1889, ... 360
Hyde, G. W., and W. J. Smith. Experiments on the Permeability of Cements and Cement Mortars, ... 199
Hydrogen, Compressibility of. (Amagat.) 196

Isherwood, B. F. Experiments on the Efficiency of Pumps, ... 276
(*Amagat.*) Compressibility of Oxygen, Hydrogen, Nitrogen and Air, ... 196
(*Amagat.*) Dilatation of Compressed Liquids, ... 196
(*Amagat.*) Dilatation and Compressibility of Water and the Displacement of its Maximum Density by Pressure, ... 477
(*Gossart.*) Researches on the Spheroidal State of Water, . 480
Ives, F. E. Captain Abney on Heliochromy, ... 339

Joint, Ball-and-Socket, White's. Report of the Committee on Science and the Arts, ... 89
Juvenet, Jules. Ramie, ... 371

Keller, Harry F. Analysis of Megabasite, from Colorado, ... 153
On Kobellite from Ouray, Col., and the Chemical Composition of this Species, ... 148
Koyl, C. Herschel. Supplementary Remarks on the Parabolic Semaphore, . . 84
Koyl's Parabolic Semaphore. Report of the Committee on Science and the Arts, with Remarks by the Inventor, ... 81
Kraus, Gregor. On the Physiology of Tannin, ... 396
Kukuanaland, The Army of. (Michaelis), ... 258

Lapachic Acid and its Derivatives. (Paterno), ... 139
Lapachic Acid, Constitution of. (Hooker and Greene), ... 142
Lea, M. Carey. Allotropic Forms of Silver, ... 73
Lenses, Photographic, Constant Focus and Depth of Focus in. (Cheyney), . . 356
Lindenberger, C. H. A New Graphical Method of Obtaining Pier Moments, . 341
Line Adjuster, The Delany. (Delany), ... 57
Liquids, Compressed, Dilatation of, particularly Water. (Amagat), ... 193

MacCoy's Pneumatic Tool. Report of the Committee on Science and the Arts, 1
Maddox's Gelatino-Bromide Process in Photography. Report of the Committee on Science and the Arts, ... 233
Manganese, Metallic, Preparation and Properties of. (Bullock), ... 62
Manual Training in Public Schools, Value of. (Combes), ... 209
Mechanical Progress, The Past and Present Contrasted. (Price), ... 297
Megabasite, from Colorado, Analysis of. (Keller), ... 153
Metal-Rolling Machine, Simonds, Products of the. (Wiegand), ... 160
Metanitrobenzoic (Aceto) Anhydride. (Greene), ... 64
Michaelis, Otho Ernest. The Army of Kukuanaland, ... 258
Moments, Pier, Graphical Method of Obtaining. (Lindenberger), ... 341
Monochlordinitrophenol, and Bases of the Aromatic Series, Derivatives from. (Smith), ... 156
Mortars, Cement, Permeability of Cement and. (Hyde and Smith), ... 199
Multi-Cylinder or Compound Engine, Philosophy of the; Its Theory and its Limitations. (Thurston), ... 463

Municipal Engineering. A Study of Street Pavements. (Haupt), ... 440

Nitrogen, Compressibility of. (Amagat), ... 196

Olszewski, K. Determination of the Boiling Point of Ozone and the Freezing Point of Ethylene, ... 396
Oxygen, Compressibility of. (Amagat), ... 196
Ozone, Boiling Point of, Determination of the. (Olszewski), ... 396

Paraphenylendiamin, ... 494
Paterno, E. On Lapachic Acid and its Derivatives, ... 139
Pavements, Street, A Study of. (Haupt), ... 440
Pennsylvania State Weather Service, Monthly Weather Reviews, May to October, 1889. *Supplements*, July to December, 1889.
Permeability of Cements and Cement Mortars. (Hyde and Smith), ... 199
Petroleum Fields, Baku, Information as to the Failure of the, ... 395
Philadelphia Water Supply, Condition of. Third Report. (May-June, 1889). (Hooker), ... 66
Photographic Developers, New, ... 492
Photographic Lenses, Constant Focus and Depth of Focus in. (Cheyney), . . 356
Photography, Maddox's Substitution of Gelatine for Collodion in. Report of Committee on Science and the Arts, ... 233
Physiology of Tannin. (Kraus), ... 396
Pier Moments, Graphical Method of Obtaining. (Lindenberger), ... 341
Pneumatic Tool, MacCoy's. Report of the Committee on Science and the Arts, 1
Potash, Caustic, Vanadium in. (Smith), ... 490
Pray, Thomas, Jr. The Cotton Fibre, ... 241
Price, Geo. B. Mechanical Progress—the Past and Present Contrasted, ... 297
Pumps, Difficulties in the Operation of, as met by the "Positive Piston Pump." (Dow), ... 161
Experiments on the Efficiency of. (Isherwood), ... 276
Pyrocatechine, ... 493
p-Oxybenzoic Acid, Action of Gas from As_2O_3 and HNO_3 upon. (Smith), . . 488

Ramie. (Juvenet), ... 371
Rogers, A. J. Experimental Researches in the Reduction of the difficultly-reducible Metals, ... 486
Rolling Machine, Simonds, Products of the. (Wiegand), ... 160
Roscoe, Henry. Aluminium, ... 174

Sadtler, S. P. Failure of the Baku Petroleum Deposit (*Notes and Comments*), 395
Wood and Cellulose under high Pressures and Temperatures. (*Notes and Comments*), ... 394
Sanitary Disposition of the Dead. (Harvey), ... 362
Searing, Lewis, and Samuel V. Hoffman. Experimental Determination of the Law of Variation of the Electro-Motive Force in the Armature of a Westinghouse Dynamo. 93
Semaphore, Parabolic, Koyl's. Report of the Committee on Science and the Arts, with Remarks by the Inventor, ... 81
Silver, Allotropic Forms of. (Lea), ... 73

Simonds Metal-Rolling Machine, Products of the. (Wiegand), ... 160
Smith, Edgar F. Action of the Gas from As_2O_3 and HNO_3 upon *p*-Oxybenzoic Acid, ... 488
Derivatives obtained from Monochlordinitrophenol and Bases of the Aromatic Series, ... 156
Vanadium in Caustic Potash, ... 490
and Lee K. Frankel. Electrolytic Separations, ... 140
The Electrolytic Separation of Cadmium from Zinc, ... 154
Smith, W. J., and G. W. Hyde. Permeability of Cements and Cement Mortars, 196
Sodium, by Electrolysis of Common Salt. (Rogers), ... 486
Spheroidal State of Water, Researches on the. (Gossart), ... 480
Steam-boiler Shells, Longitudinal Riveted Joints of. (Cooper), ... 131
Street Pavements, A Study of. (Haupt), ... 440
Sulphocyanides, Metallic, Electrolytic Action Upon. (Smith and Frankel), . . 141

Tannin, Physiology of. (Kraus), ... 396
Tanning Material—Canaigre. (Trimble), ... 235
Teal's Portable Hoist. Report of the Committee on Science and the Arts on, . . 302
Technical Training, Value of in Public Schools. (Combes), ... 209
Telegraphy, Cable. (Delany), ... 33
Thurston, Robert H. Philosophy of the Multi-Cylinder, or Compound Engine; Its Theory and its Limitations, ... 463
Trimble, Henry. Canaigre, ... 235
(*Kraus*). Physiology of Tannin. (*Notes and Comments*), . 396

Vanadium in Caustic Potash. (Smith), ... 490
Ventilation and Heating of Public Buildings. (Elkinton), ... 107

Water, Compressed, Dilatation of. (Amagat), ... 193
Water, Dilatation and Compressibility of, etc. (Amagat), ... 477
Water, Maximum Density of, Displacement of the. (Amagat), ... 477
Water, Spheroidal State of, Researches on. (Gossart), ... 480
Water Supply of Philadelphia, Condition of. Third Report. (May–June, 1889.) (Hooker), ... 66
Weather Reviews Monthly (Pennsylvania State Weather Service). May to October, 1889. *Supplements*, July to December, 1889.
